

Morton Supplies, Inc.

Tire and
Tire Maintenance

Providing Tire Excellence

Tire Expertise at work for you

OUR MISSION: To provide World-Class quality new and retreaded tire products, as well as services, regardless of brand

For over 30 years our family-owned operation at **Morton Supplies, Inc.** has been producing retreads, with a family member involved at every level. Since 1979, **Morton Supplies, Inc.** has exceeded customer's expectations through dedication, commitment and family values in their products, services, and quality. Committed to our CUSTOMERS, we are continually investing in our production facility and equipment to provide the best products and services available.

Flexible solutions for your fleet needs

Morton Supplies, Inc. strives to deliver the BEST in HIGH-VALUE low-priced new and retreaded tire products

Regardless of your tire needs, **Morton Supplies, Inc.** can work with you to find a solution that meets your bottom line. Our experienced staff can meet you on the side of the road to change a tire, recommend a new tire to fit your application or custom build a retread to fit your financial and job needs. Our state-of-the-art retread facility offers quality RETREADS to meet your operating costs. Our fully enclosed warehouse provides easy shipment and receiving of your tire products. Our logistic system can ship across town or around the world to any point. Our products are fully insured and warranted for materials and workmanship.

WE DELIVER.....

- New Tires
- Retreaded Tires

- On-site Service
- Section Repairs and Minor Repairs
- Pick Up and Return for Large Repairs

“Every minute of every day around the globe a vehicle rides on a **Sure Cure Retread.**”

Fred Schmidgall,
President

New Tires

Our extensive brands and dedicated tire network provide our customers with quality NEW tires that fit your specification and application. Our wide variety of tires incorporates the latest technology while meeting your specification and application.

Fleet/Industrial Services

We can create an individualized program ranging from mounted tires (ready to bolt on) to complete tire service to tailgate delivery.

Retreading - GO GREEN

When it comes to RETREADS, we customize to your casing and your needs. Our retreading service covers: industrial tires, medium truck tires (Intermodal bias through X-1 455/55R22.5), light truck tires (15" to 19.5"), OTR, skid steer and specialty farm tires such as planter ribs.

Fleet Services

With the current economic climate fleets are examining every aspect of their operating budgets. Tire costs account for a significant portion of fleet operating budgets, ranking 3rd behind Labor and Fuel. **Morton Supplies, Inc.** customizes tire programs to reduce your tire and tire maintenance costs through a combination of quality new and used tires aligned with superior tire support and products.

Morton Supplies, Inc. Quality Retreads

Retreading Technology that meets your cost targets

Morton Supplies, Inc. custom builds QUALITY RETREADS to your specification and application. We meet your needs through a selection of tire treads that provide optimized wear designs and various shoulder designs for improved stability. We maintain the integrity of your casing or offer premium casings for every RETREAD. Remember: altering a tire to fit a mold or a predetermined tread can cause premature failure in the casing.

- All our retreads are electronically inspected before and after the retread process.
- We custom buff and build each tire inflated to retain the neutral profile of the tire.
- Our RETREADS prove to be environmentally friendly – a new truck tire requires 22 gallons of oil compared to 7 gallons to produce a RETREAD truck tire.
- Our RETREADS save between 60-80% of the comparable new tire cost.
- Our RETREADS provide the SAFETY and DURABILITY of any comparable new tire.

TIRE SUPPORT

With a central location in Morton, IL, near the center of the U.S. and the crossroads of the Interstate and Rail hub of the nation, our products can be easily distributed, shipping nationally and internationally.

We look forward to talking with you further about how **Morton Supplies, Inc.** can fulfill your tire and tire maintenance needs to improve your bottom line.
