New and  
Retreated Tires

Providing Tire Excellence

## Tire Expertise at work for you

**OUR MISSION:** To provide World-Class quality new and retreaded tire products, as well as services, regardless of brand

For over 30 years our family-owned operation at **Morton Supplies, Inc.** has been producing retreads, with a family member involved at every level. Since 1979, **Morton Supplies, Inc.** has exceeded customer's expectations through dedication, commitment and family values in their products, services, and quality. Committed to our CUSTOMERS, we are continually investing in our production facility and equipment to provide the best products and services available.

## Flexible solutions for your business

**Morton Supplies, Inc.** strives to deliver the BEST in HIGH-VALUE low-priced new and retreaded tire products

We understand the tire industry and your company's desire to satisfy all the needs of your customers. Through our extensive knowledge and capabilities in tire retreads, we can help you do just that. Our RETREADS are a low-cost alternative to new tires, saving you and your customers money. Our state-of-the-art retread facility manufactures tires of all sizes and can custom build a retread to suit individual needs; we can also provide new tires. Our fully enclosed warehouse provides easy shipment and receiving of your tire products. Our logistic system can ship across town or around the world to any point. Our products are fully insured and warranted for materials and workmanship.

### WE DELIVER.....

- New Tires
- Retreaded Tires
- Wheels: Used and New
- Tire Supplies

“Every minute of every day around the globe a vehicle rides on a **Sure Cure Retread.**”

Fred Schmidgall,  
President

## New Tires

Our extensive brands and dedicated tire network provide quality NEW tires to fit everyone's specification and application. Our wide variety of tires incorporates the latest technology.

## Retreading - GO GREEN

When it comes to RETREADS, we customize to your casing and your needs. Our retreading service covers: industrial tires, medium truck tires (Intermodal bias through X-1 455/55R22.5), light truck tires (15" to 19.5"), OTR, skid steer and specialty farm tires such as planter ribs.

### How We Can Help You

In today's economic climate, everyone is looking for ways to cut costs and save a little bit of money. With the high cost of tires, companies see tires as an investment. Our RETREADS are an environmentally-friendly way to keep that investment from hurting the bottom line too much.

**Morton Supplies, Inc.** can work with your business to offer customers individualized tire programs to reduce your tire and tire maintenance costs through a combination of quality new and used tires aligned with superior tire support and products.

### Morton Supplies, Inc. Quality Retreads

#### Retreading Technology that meets your business' needs

**Morton Supplies, Inc.** custom builds QUALITY RETREADS to anyone's specification and application. We provide a wide selection of tire retreads that provide optimized wear designs and various shoulder designs for improved stability. We have a large stock of casings from around the world which allows us to supply you and your customers with the exact tire retreads required.

- All our retreads are electronically inspected before and after the retread process.
- We custom buff and build each tire inflated to retain the neutral profile of the tire.
- Our RETREADS prove to be environmentally friendly – a new truck tire requires 22 gallons of oil compared to 7 gallons to produce a RETREAD truck tire.
- Our RETREADS save between 60-80% of the comparable new tire cost.
- Our RETREADS provide the SAFETY and DURABILITY of any comparable new tire.

Providing Tire Excellence

## TIRE SUPPORT
